STATUS	STATE	REGION	COMPONENTS	YEAR ENACTED
 In-Progress	Vermont			
	<p>The Vermont Public Utility Commission submitted draft rules for a Clean Heat Standard to the Vermont General Assembly in January 2025, which now require approval by the legislature to move forward.</p> <p>In the report, the PUC noted that, while feasible, a clean heat standard may not be well-suited for Vermont because of its regulatory complexity, and offered possible alternatives to lawmakers, including a fuel tax on heating fuels to subsidize existing thermal efficiency programs.</p>
