### Weatherization Funding

Partially  
Enacted

The State Policy Opportunity Tracker (SPOT) breaks clean energy policies down into “components”, which are binary questions to evaluate policy quality. Higher quality policies have more of their SPOT components fulfilled.

Buildings  
and  
Efficiency

**Building  
Efficiency**

### All-Electric Buildings

Not  
Enacted

All-electric buildings policies require new buildings to be constructed with all-electric heating, cooling, and cooking systems to transition away from fossil-fuel use in buildings.
